

# VREDESTEIN V64+

A special carcass construction ensures that the V64+ is extremely durable and stands up very well to penetration by thorns or stones. Its special tread and rounded shoulders ensure limited damage to turf areas and offer superb stability.

## FEATURES:

Durable, extra thick tread design ensures reduced rutting and lengthens tyre life.

Outstanding tyre height/width ratio ensures maximum stability on and off the road.

Rounded shoulders prevent damage to turf and sensitive crops.

Tyre Size	Pattern	Load & Speed	Type (TT/TL)	Section Width (mm)	Overall Diameter (mm)	Static Load Radius (mm)	Rolling Circumference (mm)
170/60-8 (16x6.50-8)	V64+	65 A8	TT	170	410	-	-
210/60-8 (18x8.50-8)	V64+	83 A8	TT	215	455	-	-
